# SME Cyber Resilience: Dedicated Rack Transition Project

On January 23, 2025, by order No. 2025/2-1012 of the Central Project Management Agency, UAB “Nikulipe” was allocated financing under the measure “Enhancing the Cyber Resilience of SMEs and Developing Cybersecurity Education Content“ for project No. CYBER-K01-007, “SME Cyber Resilience: Dedicated Rack Transition Project” .

The project goal is to increase Nikulipe’s IT infrastructure resilience to downtime and enhance overall cyber robustness by transitioning to a dedicated server infrastructure with an improved network architecture.

Project implementation duration: until October 2025.

The project is co-funded by the European Union.
